

# Acupressure Center Opens in Warwick

Judi Davis, left, and Joie Ogrodnick, right, stand with IGM Therapeutic Acupressure founder Isabell Gatto at the grand opening of their IGM Acupressure Center in Warwick, located at 7 Wisner Rd. It is the first acupressure center in the area. According to Davis and Ogrodnick, IGM Acupressure can be used to relieve headaches, backaches, arthritis, stress, anxiety, depression and other maladies. They say that this form of treatment "unblocks, balances and harmonizes the bodies energies which maximizes the body's innate ability to heal itself." (Photo by Joe Bartolotta)
